Seek Action to Curb Vandalism

THE TOWN RECORD

By MONTE DAYTON

ANN READ, active Broadmoor woman, was pleased pink last week on receipt of a bottle of Chanel No. 5, gadawful expensive stuff, from hubbie, MASTER SGT. CARLTON REED, who is in Austria.

But in her excitement to get the oderiferous stuff open, she busted the glass stopper and could get it out thus leaving the precious concoction locked inside.

Everybody and his brother tried to turn the trick, to no avail.

That's where BILL STURA of the Colma Auto Glass company came to the rescue.

Acting on probably what was the first request of its kind for that type of business, Stura drilled two neat holes in the bottle, then transferred the fluid to another container. Mrs. Reed's charms may now be enhanced regularly with the fragrant potion.

MRS. MARY FREE, 439 Evergreen avenue, is having a hard time keeping all her sons home at once. PFC. RICHARD HARTJE, one son, returned from the wars just last week, after 10 months combat.

Meanwhile the benevolent arm of the selective service reached out and grabbed off FRANK HARTJE, a younger son, who leaves this week for life with the army.

Shades of St. Patrick! We always thot all good Irishmen carried shillelaghs over their shoulders. Not so DON GETTIS who was seen strollin' back to the local theater this week with a certain rubber-cupped plumbing aid over his arm.

Last weekend was the occasion for a double anniversary whing ding. PEARL and GLEN SOUTH, he the dean of men at Jefferson high, and MIKE and DOROTHY ORLICH, the former of recently elevated basketball coaching fame, observed 12 and 9 years of marriage, respectively, at Veneto's in San Francisco. A third couple, TONY and RUTH GIAMMONA, was along helping add merriment to the occasion.

According to the most reliable hearsay, none of them even drank out of the fingerbowls.

JANET and ED CEREGHINO (the boy who the major leagues think has a golden arm) are destined for parenthood in October.

A back injury suffered when he was a collegiate wrestler has made itself annoysome again, putting K. W. BENJAMIN, general manager at Skyway Motors, on his backside in the hospital.

A worthy cause is in progress now to gain funds for the family of JOHN PERADA, city employee who passed away recently.

Our plug this week: Beginning with present issue, THE RECORD will be on sale for the convenience of the Broadmoor residents at the Broadmoor Pharmacy in the King's Market area.

Weakly Observation: If the present rate of deterioration continues at the community center, the building will be torn down before it's up.

S. F. Renews Efforts To Annex Daly City Areas

BOARD OF SUPERVISORS MEET APRIL 1 TO STUDY BILLS BEFORE LEGISLATURE

San Francisco's efforts to annex Westlake and Broadmoor will be revived again April 1 when the board of supervisors convenes to discuss three bills pending in the state legislature that would make the action possible.

Edward P. Mancuso, supervisor, told THE RECORD yesterday that the city attorney's office is currently preparing amendments which will aid in the adoption of the legislation.

Bills Need Changes

He did not say what the nature of the amendments would be, but pointed out that the bills before the legislature were only in "skeleton form" at present, and would need some alteration.

Mancuso said the bills which, in essence, would allow territory in one county to be annexed to a city in another county are presently under study by a board committee. Their findings are expected to be delivered at a meeting to be held at 3 p.m., April 1.

One of the bills making the annexation possible was introduced by Charles W. Meyers, assemblyman from San Francisco. It reads: "Notwithstanding any provision of law to the contrary, boundaries of any city or city and county may be altered and territory lying in another county may be annexed to it pursuant to this article."

Designed for SF

This bill was designed specifically for the local situation, Meyers said.

His bill was referred to the assembly committee on municipal and county government.

Two other pieces of legislation that might affect this area were introduced by Senator Earl Desmond of Sacramento.

One is in the form of a constitutional amendment, while the other is a senate bill. Both carry principally the same provisions as Meyers bill. They were introduced expressly for the situation existing in the city of Sacramento, which seeks to annex territory in Yolo county.

Desmond's amendment stipulates that the legislature shall provide for the payment of a just proportion of the existing debts and liabilities of the county from which territory is taken by another county.

First Move

San Francisco's overtures toward annexing the Westlake and Broadmoor areas began late in December, 1952, when the board announced its intention of investigating possibility of claiming the two areas.

Since then San Francisco has delegated various committees to look into the possibility of the annexation.

Local and county spokesmen have indicated since that time that any such move would be impossible.

Protest Made Against Sewage Plant Location

On protest of the Westlake Property Owners' association Monday's public hearing on the proposed half-million dollar sewage treatment plant was left open until March 23.

The property owners representative made no specific objection except that his group was against building the primary type sewage treatment plant at the Lake Merced and Alemany boulevards site.

The association asked that they be given ten days to study the engineers' report on the plant site.

On recommendation of Thomas Callan, board member, the directors of the district wrote the San Francisco board of supervisors this week regarding another possible site about a mile west of the Westlake location on Lake Merced boulevard.

According to James Kennedy, president of the board, "The location is fine if arrangements can be made to acquire the property at a reasonable price."

However, he pointed out, the San Francisco site "probably will be more costly."

Preliminary Hearing Scheduled Tuesday For Burglary Suspect

Preliminary hearing for Everett Edgar Morgan Jr., 33, of South San Francisco, who is charged with attempting to burglarize King's Market Tuesday, was set for next Tuesday in Judge Thomas L. Bocci's municipal court.

Morgan was arraigned Tuesday of this week in the municipal court and bail was set at $2500.

The alleged burglar was trapped at 2:05 Tuesday morning just five minutes after a burglar alarm was touched off at the market safe when Morgan allegedly attempted to crack the strongbox.

The alarm, jangling at the local police station, aerted Patrolman Gerald Schaffer who was on duty then. He sent three radio cars to the scene.

Officers Les Bastedo, John Coleman, Bruno Conci and James Sunderland surrounded the building and tried doors and windows in an effort to find out where an intruder might have gained access, but all entries were locked.

As the quartet searched the area, they heard footsteps running inside, and then heard someone jump from the roof of the one-story building into the alley.

Sunderland was waiting near the spot and when Morgan had dropped off the building onto a loading dock and forced him to surrender at point of gun.

Police later found a 30 by 90-inch hole had been cut in the market roof.

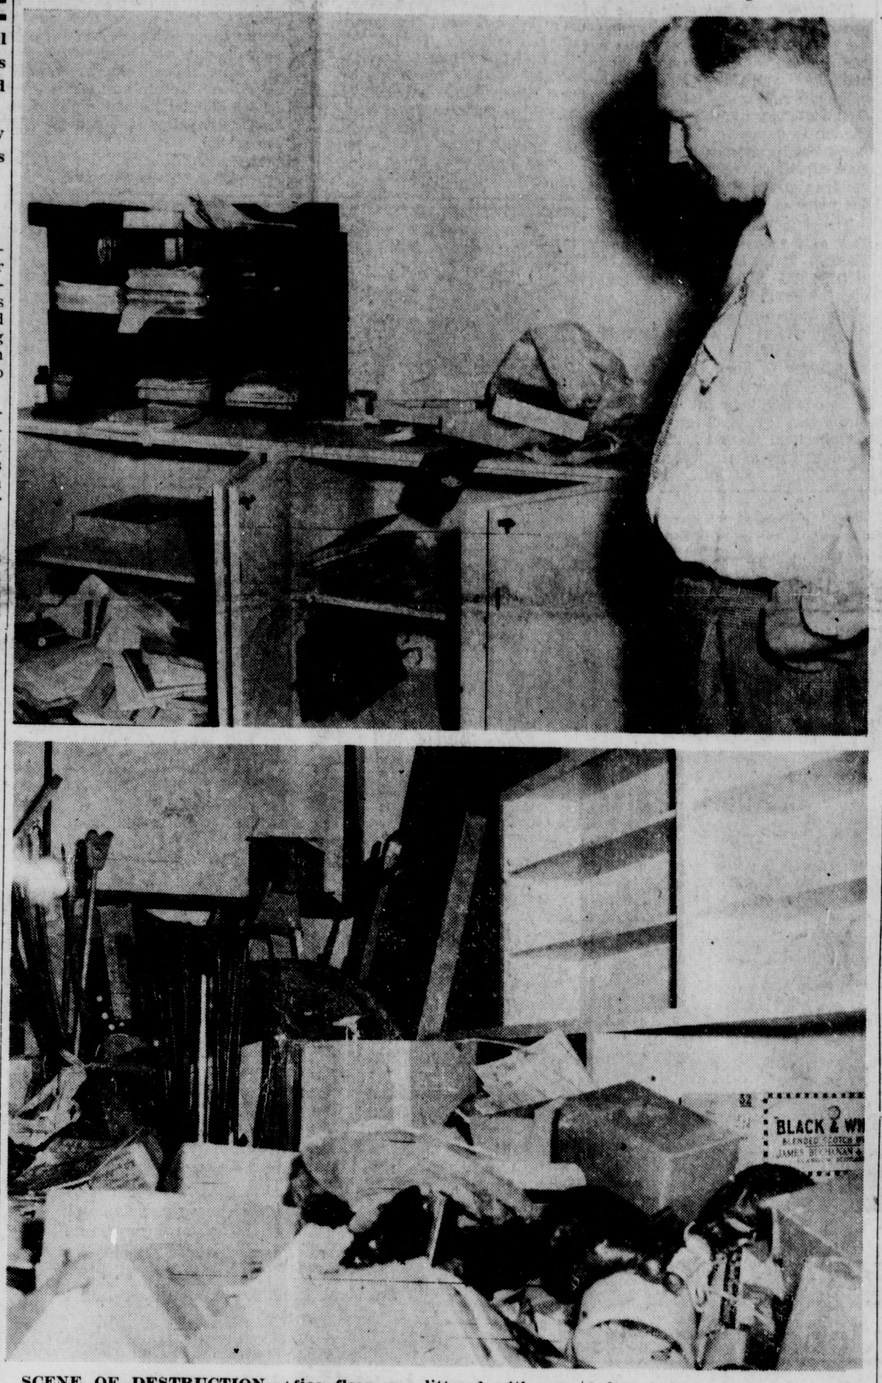
Morgan had just begun an attempt to open the wooden box enclosing the office safe, and apparently set off the alarm. A set of burglar tools was found inside the market next to the safe.

Police said Morgan told them how he cut the hole in the roof, and then made his attempt on the safe container.

The accused admitted to having been convicted once before in Louisiana on a concealed weapons charge, but denied knowledge of any other recent break-ins.

A. J. Miller, one of the owners of the market, said only a small amount of money was contained in the safe which Morgan tried to crack.

New Form Of Recreation As Seen At Local Community Center



SCENE OF DESTRUCTION—In the top photo James Mason, recreation director, surveys the chaotic calm after the tempest that struck the community center Sunday night. The director's office floor was littered with supplies and literature more than a foot high. In the bottom photo, the pillagers removed a four-month's store of office supplies from the shelves, piling them helter-skelter on the floor. The vandals also punched holes in the wall, wrecked doors, and punctured holes in volley balls and basketballs, besides making away with an estimated $30 cash.

Marine Veterans' Organization Will Be Formed Here

Ray Florence, Tech. Sgt., U. S. Marine corps, has announced the formation of a Marine corps league detachment in the Daly City area.

All marines and former marines with honorable discharges who are interested are invited to a meeting at 48 Parkview avenue at 8 p.m. Wednesday.

All those joining within the next 90 days will be charter members of the detachment.

According to Sgt. Florence, the Marine corps league is the most exclusive veterans' organization in the world.

GOOD DEED DOER MAY LOSE FAITH

Roy E. Clark, 54 of 1262 29th avenue, San Francisco, will think twice before he ever aids a motorist in distress again.

Clark was driving on Alemany boulevard near Junipero Serra Monday afternoon when he espied a fire burning in the rear of a pick-up truck, driven by Carl C. Riedel, 35, of 1015 Van Ness avenue, San Francisco.

After frantically signalling the driver of the burning truck, Clark was able to halt Riedel.

About that time the burning item, a TV set wrapped in a blanket, exploded, sending burning bits of cloth and wood into Clark's car.

Riedel's truck received only minor damage, but Clark's auto was destroyed by the flames.

Mayor Says Homeowners May Protest Annexation

Several homeowners have indicated they will protest the annexation of the Abbey Homestead area near Colma to the city at Monday night's public hearing on the matter.

Mayor Anthony J. Gaggero said he has heard from at least four or five homeowners in the area up for annexation who are opposed to the move.

Included among property owners petitioning to be annexed to Daly City is the PG&E, who seek to construct an $1,080,000 substation on the plot between Orange, Market and Chester streets, near Colma.

Gaggero said "I think most of the council would like to see the area come into the city. But, if there is sufficient protest, we don't want to take the people in against their will."

He point out that the council could be arbitrary and annex the area despite the protests.

Gaggero said, however, that one spokesman for the opponents to the anexation has indicated the group will file a court injunction if necessary to stop the annexation.

Monday's hearing will begin at 8 p.m. in the council chambers.

Center Ransacking Is Latest Of Incidents

"We've got to do something about the vandalism at the city's recreation sites," Edmund Cavagnaro, member of the recreation commission, said yesterday.

Prompted by the ransacking of the community center Sunday night, Cavagnaro called for further patrolling of the city's parks and the community center.

The commissioner said that in recent weeks the city's parks had been subjected to costly acts of vandalism.

Waste of Money

"It's no use having the citizens pay money for recreation facilities, only to have them torn up at regular intervals," Cavagnaro declared.

Cavagnaro said he had talked with the police commission recently in an effort to discover some solution to the ever-growing problem of vandalism.

He also called on the people living adjacent to parks to aid in the detection of pranksters by notifying the police of suspicious looking characters.

Recent Acts

In recent weeks, Cavagnaro said, fences have been cut, stairways ruined, and walls have been defaced on the city's recreation property.

The latest instance of what was apparently juvenile destructiveness occurred Sunday when the community center was damaged to the extent of an estimated $1000.

The culprits ransacked one store room and the office of the recreation director, James Mason, piling supplies and literature knee deep in the center of the rooms and pouring ink over the top of mess.

They also ripped knobs off doors, punched holes in the walls and ceilings, and punctured several volley balls and basketballs.

In addition, they stole approximately $30 in petty cash and made way with an undetermined number of basketballs and footballs.

Overlook $60

They overlooked some $60 in the director's office that was set aside for the adult basketball league.

Mason said it was fortunate the youths didn't ransack the files, as it would have taken at least six months to straighten them out.

Police Inspector August Benassini reported the vandals entered through windows fronting on Mission street, left open following a girl scout function held the previous afternoon.

Work of Teenagers"

George Mason, special investigator for the Hartford insurance company, said it must have been teen-age kids who wreaked the damage. "It couldn't have been an elementary child and no adult minds could be capable of such an act," Mason said.

He said Jefferson high school has been notified to be on the lookout for any youngsters in the possession of new gym equipment, such as basketballs and footballs.

Mason indicated the company will continue the investigation in an attempt to apprehend the destructors.

Council Awards Bid For Water Main To E. T. Haas Company

Contract for installing a water main on Alexander avenue and other city streets was awarded to E. E. Haas company Monday night by the city council.

The Haas firm submitted low bid of $15,845.50 for the work. Nearly $10,000 separated the lowest bid from the highest.

Eleven bids were submitted for supplying of equipment for the fire department. These were referred to Fire Chief Elmer Kennedy for study. He is scheduled to make his recommendation on Monday night.

The council also:

1. Made permanent the status of police officer James Sunderland.
2. Commended Judge Thomas L. Bocci for his efforts to provide traffic collection service in Daly City.
3. Asked City Administrator Dan Andersen when a more detailed county health office report would begin being submitted. Andersen said the county plans to standardize all reports, a task that will take about 60 days to complete.
4. Closed the meeting in memory of John Perada, water department employee who passed away recently.

AMBULANCE RIFT TOPIC NEXT WEEK AT CHAMBER MEET

The pros and cons of the current controversy about ambulance service between Daly City and the county will be delivered at next week's Thursday gathering of the Daly City Chamber of Commerce.

At the chamber's meeting yesterday (Thursday) the group selected Arthur J. Bodien, superintendent of the water department, to state the city's case.

A county representative, yet to

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

All those who were fortunate enough to attend the Accordian Band concert at the OLPH school in January will remember how much they enjoyed the music offered by the children that night. Thursday of last week there was another concert given by the same performers. This band is conducted by Mr. Armand Pipini who has done a marvelous job with the children.

Among those who performed with the band were MARILYN BRUSH, daughter of the Charles Brushes of Hillcrest drive, and HENRY OLIVER of Vista Grande avenue. All who have heard these children play will really appreciate the enjoyment that can come to both children and parents from the study of music. Many hours of study and extra practice has gone into the preparation for this concert and it was well worth listening to. Congratulations to both children and their parents.

The very wonderful and most loved person who has been the guiding light of the OLPH school cafeteria, MRS. STEELE, has been sick with the flu. All her children missed her and are glad that she is back with them again. Mrs. Steele has been the mainstay of the cafeteria since it opened and has just one thing in mind and heart: that is the welfare and nutrition of the many children who have come into her life through the years. There are people who seem to be indespensible—Mrs. Steele is one of them.

All the many children who have graduated from OLPH and gone on to make their places in the world will never forget her smile and heaped-up trays. Mrs. Steele—you will always be in the hearts of all the many children belonging to "your Neighbors and Mine." May you always be with them.

Our Boys

There is always something to say about the servicemen — As time goes on, so do the boys leave and also do they come home. This week it is MRS. GAY EAGEN of Los Olivos avenue who has had the good news. She has two sons in the service. JIM EAGEN, who is married to Doris Garabaldi, is on his way home from Korea, and DICK EAGEN, who is still unattached, will be home from the Navy on leave. Dick has been in the Philippines for quite some time on a ship. Welcome home boys!

CPL, PAT HAMILTON, who will be remembered by all his many friends, and who is the grandson of MRS. BERGIN of Miriam street, has completed his service in the Army. Pat has spent much of his time in interesting places including eighteen months in Korea.

The last part of his service was spent at Fort Riley, Kansas. He wears the Combat Infantryman's Badge, the Purple Heart, and other decorations. Pat is now in the process of enrolling at the college of his choice and we are all glad to see him back. Good luck Pat, all the best wishes of "Your Neighbors and Mine" are with you in your new venture.

Another boy among many has left home. Although only sixteen when he enlisted, BILLY BRANT, who will be remembered by all his classmates and friends from OLPH, joined the Marines. After completing his basic training, Bill who is every inch a Marine, has left for Korea. Bill is following in the footsteps of many other boys who belong to your neighbors and mine who have left their homes to keep this country "a land of the free and the home of the brave." Remember, neighbors, these are your boys and mine. A letter here, a card there, some news from home—all these things help.

News and Views

Most people dream of going to Hollywood! Well, last week Hollywood came to Daly City. MRS. MARY MADDEN of Knowles avenue had as her house guest Mrs. BEATRICE RAKER whom she had known from her home town of Austin, Minnesota. It has been many years since these ladies have met and there was much to discuss and many things to be compared. How many pots of coffee did you make, Mary, before all was taken care of?

Mop Parties—Plastic Parties—and now Jewelry Parties! There always seems to be something to intrigue the ladies. Last week it was a jewelry party given at the home of MRS. DOROTHEA BRUSH of Niantic avenue. These parties are conducted by Virginia Stanley, whom many of the ladies of Daly City know after going to all the fun of a party. After all the ladies had decided on what they wanted and what they would like to have that cost too much but bought anyway, refreshments were served. This affair was attended by many neighbors and friends of Mrs. Brush.

There is a double birthday in the family of MRS. DOROTHY STONE of Theta avenue this week. Her son, FRANCIS STONE, better known as MUTT, and her grandson, LARRY LIGOURI, both celebrated the same birthday separated of course by a few years. Larry, who was three, celebrated his birthday with a party attended by all his little friends while his uncle Francis went to work as usual. I wonder who had the most fun on their birthday?

Did you know that there are "haunts" in Daly City. The merchants do. They are haunted by the women of our town. They never know when a woman walks into their store whether they have a customer or are being asked to donate a prize for our whist parties. They are good natured though and always give us something. This goes on practically every week and we would all like to take this opportunity to thank ROY'S GROCERY, McGRAW PHARMACY, DALY CITY HARDWARE, SHANNON'S HARDWARE, HILLTOP MARKET, MARKET BASKET, RELISH BAKERY, LEE'S DRUG STORE and many others (whom this correspondent knows donate but hasn't heard their names. You know folks, these are "your neighbors and mine," so let's patronize them whenever possible. We really do appreciate it fellows, and thanks a lot. I'm sure they are glad to do their part so let's do ours.

St. Patrick's Day is with us again and as usual the people of Daly City have the opportunity of having a good time in honor of the good saint. There will be a dinner and entertainment given at OLPH Hall on Saturday the 14th of March to which everyone is invited. This is a "family affair." Dinner will be served from 5 p.m. to 8 p.m. and there will be movies for the kiddies so their parents can take over the floor and dance. The tickets sell for $1.25 for adults and 60c for children. These prices include both dinner and entertainment, also free ice cream for the children during the movies. If you just want to go to the entertainment the price is 50 cents. This event is sponsored jointly by the Mothers Club of OLPH, whose chairlady is MRS. RUTH CRESTA, and the Holy Name Society of OLPH, whose chairman is MR. JOHN MULLER of Hillcrest Dr.

Everyone who has ever gone to one of these affairs will remember the good time that was had by one and all so come on all your neighbors and let's meet "your neighbors and mine" at the Parish Hall Saturday night. This is your chance to dance to the tunes of a five-piece orchestra and have a good dinner at the same time your children go to the movies all for the price of just the dinner itself.

There is a place in Daly City that not too many people know about. This is the TOYLAND NURSERY SCHOOL and takes care of children of pre-school age while their mothers work. This is quite a place. It is run by MRS. GRACE WILSON who has nine employees to keep the little ones happy. This week Mrs. Wilson had a dinner party for all nine of her employees at her new home on Cumberland avenue. Those attending this affair were — MRS. DOROTHY STONE, MRS. T. HAMILTON, MRS. J. KEITH, MRS. FLORENCE YOUNG, MRS. MYRNA HARVEY, MRS. SHARP, MRS. ANDERSON and MRS. CREEK. Dinner was served at six and all the ladies had a very enjoyable time.

Well neighbors, that is the news for this week! The phone number is still PL. 5-6482 and any "items of interest" to YOUR NEIGHBORS AND MINE can and will be printed if they reach me by Friday night. This is your column as well as mine so if you would like to share your happenings just let me know. There is a lot happening of interest to all of us so let's share it. 'Bye Now!

A New Stranglehold On The Dollar

In their latest effort to break the taxpayers' backs and frighten away immigrants who might contemplate living in this county, the brain-trusts have come up with a proposal to impose a county-wide 1-cent retail sales tax.

A bill pending before the state legislature would authorize counties and cities to rob the populace of further money by imposing the tax, which would be collected by the state, in addition to the 3-cent state sales tariff now plaguing the citizens.

Alvin S. Hatch, chairman of the board of supervisors, and County Manager E. R. Stallings have expressed themselves in favor of this latest larceny.

No doubt their sentiment will grow like the plague with the disastrous result that this fiscal imposition might become a reality unless some organized effort is made to combat it.

One redeeming feature of this legislative knavery is that it gives each city and county the option of imposing the tax.

Daly City, already taxed to a degree of near-ruination, might have the foresight to overlook this new means of depriving citizens of their wages.

The county manager claims the sales tax would better distribute the cost of government by relieving some of the burden on property owners.

This is rank nonsense, and only a ruse to win favor for the plan.

The sales tax is an abominable new way to filch money out of the taxpayers' pockets by the slow, easy method and give the powers who handle the finances more dollars to squander.

We hope Daly City can escape this latest preposterous imposition, despite the inevitability of death and taxes.

A Couple Of Good Bills

What may be the answer to the perennial problem in Daly City of the star-chamber government proceedings has presented itself in the form of state legislation in the assembly bills 1160 and 1567.

These bills, on which hearings have been held the past two days, would declare all records open for public inspection and outlaw closed meetings of government bodies.

Putting rulings such as these in the California statutes would, if not do away with, minimize the ..stances of government by secrecy.

Citizens who dig deep for taxes to support ..nuicipal affairs, have every right to know they're not buying a pig in a poke.

The five men who are elected to office by virtue of the trust placed in them by the people do not constitute an almighty tribunal which should sit in private judgment on all matters.

They are at all times responsible to the public that put them there and, by that token, their every political action should be subject to consideration by that public.

We heartily endorse these measures and hope that our state representatives from this district are so inclined to see the light.

Something To Talk About

Sports personified sums up Jefferson high school's championship basketball effort.

For the first time in its history the local high school captured the Peninsula Athletic league varsity basketball crown.

The cagers gained this honor by capitalizing on a facet of sports that is too much overlooked these days—teamwork.

While other peninsula schools were grooming their prima donnas for all-star honors by letting them play games practically single-handed, the Jefferson coach concentrated on throwing five men at the opposition at all times.

This, as those who witnessed any of the contests will attest, they did, and in every game the high school players exhibited as coordinated a ball-playing outfit as you would care to see.

Their feat has heaped further honors on the school and the team's name and has given sports fans around the area something to talk about for a long time to come.

Something For The Vandals

It is ironical that a public building dedicated to those who died in battle and erected for the purpose of providing recreation for the community, should be the scene of such wanton destruction as was evidenced this week.

We cannot fathom what cretin-type mentality would deliberately wreak destruction on a building for no material gain.

But, nevertheless, it has been done, and the people of the city who must concede that there will be future instances of this barbaric monkey business, unless some action is taken.

We believe that all the recreation sites in this city should be patrolled in a more regular fashion.

We also are of the opinion that the citizens of the community can do their part by reporting any off-color occurrences at the local parks and buildings.

The police staff here is not adequate to provide a full-time watch over these areas but, with a few precautionary measures and the aid of the town's populace, these occurrences might be brought to a halt.

And, on occasions when the culprits are apprehended, we suggest that the powers of justice grant no quarter in meting out punishment.

Happy Birthday, Girl Scouts

March 12th marked the 41st birthday of the Girl Scouts of the U. S. A. Starting with a handful of girls in Savannah, Georgia, back in the era before World War I, the Girl Scout movement has grown in scope and service until today it proudly claims almost two million active members.

Would you like to help the Girl Scouts celebrate their 41st birthday this week? You can help build better citizens for the world tomorrow by being a Girl Scout volunteer. The North San Mateo County Council needs leaders, program advisors and committee members to help them carry on the program which in 1952 served 2000 girls from Daly City through Millbrae.

Training courses to help leaders work with girls are given by qualified instructors. For those volunteers preferring to work with brownies, age 7 to 10, a basic leadership course is being given March 18, 25 and April 1—9:30 to 12:30 at Orange avenue recreation center in South San Francisco. For volunteers interested in working with intermediate scouts, age 10 to 14, the leadership course will be held March 19, 26 and April 2—9:30 to 12:30 at the same location in South San Francisco.

American youth depends upon grown-ups for guidance. The Girl Scouts are depending on you to help them extend their program to all the girls who want to be Scouts in North County. Girl Scouting helps to develop good citizens, but only if you help develop Girl Scouting. Call them today. Say that you want to help.

You And Conservation

By ELSIE M. GARRISON
Conservation Chairman Daly City Garden Club

This week, "conservation week," will probably be observed by more people than ever before. Public schools and libraries will show posters and speakers have planned programs but public apathy is all too evident as years go by and the real grasp of conservation is lost on so many of our citizenry. Conservation is still lagging far behind at a time when our population is at an all time high!

It is rather puzzling that the idea of conservation comes so easily to children and so hard for adults but, perhaps by simplifying the whole process, it will become a little clearer why conservation is everybody's business.

Our own state of California, once so rich in natural resources, is slowly but irretrievably losing much of her precious heritage by the almost ceaseless toll of fires in our timberlands, the filthy pollution of our rivers and waterways, the mass erosion of some of our richest soil and the scarcity of fish and game.

These are man-made situations—deplorable, yes! But not hopeless.

It is true that we have local and state enforcement bureaus, most woefully understaffed, and at best impotent in the face of the rank carelessness and violations which are so prevalent.

If you are a sportsman, you have seen deer, sometimes does, shot out of season and left to rot on the hillside. You have come empty handed time and again from a fishing trip. You have been able to observe first hand the blackened hulks of burned out forest that once housed and protected wildlife.

But then, you say "I'm not a sportsman! This does not affect me!"

Then let's assume you do go out for a ride occasionally. What has happened to all our lovely wildflowers? Where are the golden hills of yesterday when poppies and lupins made spring a glorious reality? Yes, the hills are still green, but the flowers have long since become up-rooted, and only a patch can be seen now and then! Is it possible that selfishness could rob us of our wildflowers?

Surely inherent pride in this state and our desire to pass on to children the bouteous heritage that was ours will predominate even the economic picture.

If we can reforest the burned areas and at the same time hold the line against fire, our recreation areas and acres of timberland can be saved.

Vigilance and awareness will change conservation from an abstract to a positive and satisfying effort.

Consider conservation seriously this week, and join those who want to keep the forests green, the waters clean, fishing and hunting keen, and our state and country serene.

LETTERS TO THE EDITOR

The Record welcomes any letter on any event of public, or private interest. These letters are published at no expense to the writer. We hope readers will show enough interest in their city to occasionally "sound off;" for the purpose of this column is to give you, the reader, a chance to express an opinion.

Reader Says Senate Bill Would Curtail Adult Education Program In California

To the Editor:

I should like to call the attention of your readers to a bill shortly to appear before the state senate which, through restriction of state funds and specific prohibition of certain classes, would drastically curtail the adult education program in California. Under the flimsy pretext of effecting economy and reducing abuses, Senate Bill 1922 not only eliminates many valuable courses from the adult curriculum but denies the people an opportunity to select and evaluate their classes locally, a traditional prerogative not lightly to be sacrificed.

Passage of the bill as it now stands would make impossible the following types of courses: Health and homemaking (parent education and the cooperative nursery programs), civil defense, first aid, courses offered in veterans' hospitals, courses offered to the blind, courses offered off school property, and any courses which, in the ill-defined terms of the bill are not "devoted to instruction." "Classes for recreational or entertainment purposes or for the purpose of occupying the leisure time of individuals shall not be established."

No provision is made as to who will determine which courses are so described, and quite possibly arts and crafts, drama, folk dancing, any course which seems to some one in Sacramento to be a "frill" could no longer be offered. It would not matter how important the courses might be at the local level, what they might contribute to the general welfare of the community. Further, persons between the ages of 18 and 21 could not be considered "adults" according to the provisions of SB 1922. This would leave a considerable segment of our population without opportunity for education in the evening hours. . . .

SB 1922 has 28 co-authors in the Senate, a majority. According to Assemblyman Creedon, who addressed the Village Play School parents last month, many of the "Co-authors" may not have read the bill at the time they signed it—an apparently necessary if unfortunate bit of legislative "courtesy" designed to facilitate the introduction of thousands of bills. (Fewer bills and more reading, say I!) Our representatives will be responsive to public opinion. Therefore, all of us who have benefited from California's adult education program or who are proud of it and look forward to its further development must write immediately to our representatives in the legislature urging them to vote against SB 1922.

Members of the Village Play school will all be glad to supply any further information to anyone interested. We would also like to hear from any other organizations or groups working toward the defeat of the bill.

Thanks once again to THE RECORD for its courtesy in opening its columns to a matter of public interest.

In Accord With Secession Plan -- But Only As Last Possible Resort, Reader States

Dear Editor:

I am in complete accord with the proposal extended by John E. Colthurst, but only as the last possible resort. To make a sudden break with the county of San Mateo in our disorganized state, would be sheer folly.

The clear, undeniable fact that we are not being treated justly by the coalition of southern districts is pretty well agreed upon by all concerned. This is due to the fact that, up until now, there has not been any organized voice against these inequalities.

Recently formed in Daly City, is an organization known as the Home Owners association. Its primary purpose is to investigate the recent re-assessments and do whatever can be done to reduce the unfair taxation. The activities of this newly formed group need not stop there. It could become the nucleus of a closely united 1st district. All of the grievances of the northern communities could be brought to the attention of the board of supervisors by one collective group representing untold thousands of taxpayers. Such force of action, such display of unity would unquestionably bring the board to the realization we mean business.

The lower districts need us just as much as we need them so let us not lull ourselves into a false sense of independent security by believing otherwise. It is granted we do have less votes up here but those we do have are not coordinated and therein lies our weakness.

Unless the issues are brought to the doorstep of every taxpaying, registered voter in the 1st district and some organized action taken, we shall continue to be discriminated against. A taxpayers' alliance of the whole northern section of the county is my proferred solution. Unless Broadmoor, Westlake and other neighboring districts are willing to unite with us we can neither expect better treatment from the supervisors or dare secede from the county.

The Home Owners' association of Daly City is the bud of future unity. If we nourish it with our support and let intelligent thinking shine upon it was can hope for the blossom to be a strong thriving ing county unbeset by internal conflict.

Yours respectfully,
Owen D. English

FIRE FIGHTERS' FACTS

By Mel Hanson
Fire Prevention Bureau

On February 1, 1952, a letter was written by this department to all major and minor oil companies with service stations within the city limits of Daly City.

This letter was a request to these companies to instruct their station employees not to sell gasoline or other inflammable liquids in glass containers. This met with the approval of some of the service stations but we still have some stations within our city limits that sell gasoline and other inflammable liquids in glass containers.

This article is more or less an appeal to the people of Daly City not to purchase any inflammable liquid in glass containers. We have had several serious fires, fire which were caused directly by inflammable liquids in glass containers which were broken and the contents ignited by a pilot light in a water heater or other heating equipment.

An article appeared the other day in one of the major newspapers of San Francisco, which deals directly with our concern of inflammable liquids in glass containers. We believe it is interesting and will explain our position in regard to handling inflammable liquids.

The headline was "Three Die In Cabin Fire."

Gasoline-fed flames licking through a cabin near Newhall have claimed the lives of three persons, including a mother and her 18-year-old son. Dead are Mrs. Gwendolyn Bickman, 42, her son, Donald, and the 16-year-old companion of her son, Rex R. O'Ryan of Pacoima. The dead woman's husband, Charles, 42, is in critical condition in a Newhall hospital. The fire was started yesterday when the O'Ryan youth dropped a bottle of gasoline he was carrying to use in the stove.

We have noticed articles such as this in the newspapers and in fire department reports from time to time. This type of an article is appearing more frequent in recent months so we decided to make a direct appeal to the people of our city to use inflammable liquids with caution and purchase inflammable liquids only in approved metal containers.

The Daly City fire department answered a fire call on March 9th at 1:13 p.m. The location of the fire was on Junipero Serra boulevard near Knowles avenue. When the fire department arrived at the scene it found a 1952 Chevrolet sedan burning. The fire was quickly extinguished and the cause determined.

There are the reported facts: Mr. Riedel was driving his 1950 pick-up truck along Junipero Serra boulevard at about 1 p.m.

Roy E. Clark was also driving his 1952 Chevrolet along Junipero Serra boulevard at the same time. Clark noticed a fire on the rear of the pick-up truck and pulled along side the truck to notify the driver. At this instant the package on the pick-up exploded and blew burning pieces into the open trunk of Mr. Clarks' car. The material being carried in the open trunk ignited and caused the fire to spread to the entire car. After an investigation it was found that the package that was burning on the pick-up was a large television set, and when the fire caused the picture tube to get hot it exploded.

MY MAD WORLD

by Leonore Brewer

Nothing is quite as dead as yesterday's news. I choose to ignore this newspaper aphorism to give a final backward glance at Ballet Theater.

As an experiment we sat in the second row down front the first evening, and this may explain the many faults I found in **Constantia.** Mary Ellen Moylan's line was ragged, the whole ballet was more acrobatic than ballet, and John Kriza's efforts to lift her became increasingly obvious. In fact, he had a rather desperate look in his eyes toward the finale. Seen from a distant perspective, Friday's performance was considerably better, although it could not alter the fact that she is a trifle too large to fit the ideal ballerina measurements.

This season's only performance of Giselle deserved a much larger audience, although it couldn't have been more appreciative. With the exception of one wobbly arabesque, Alonso imparted a radiance and splendor to the second act that was equalled only by Youskevitch's Albrecht. As she drifted across the stage, making the difficult appear effortless, one realized that in her was the essence of all the great Giselles of the past, like a heritage which she holds in trust for those who will follow. Each great ballerina is a seemingly insubstantial link, of steel-like strength, that connects the great past with the great future. An older generation will shake its head and say, "You should have seen Pavlova!" Don't envy them; you have seen Danilova, Fonteyn, Markova and Alonson, and so you have seen Pavlova.

Jerome Robbins' **Interplay** closed the evening. I was tempted to leave before Morton Gould's raucus music could break the dream of Giselle, but I didn't. I have been so often accused of liking only the familiar, that I stayed to prove, if only to myself, that familiarity doesn't always bring enthusiasm or even acceptance. And bare acceptance is as far as I respond to any of Robbins' ballets. Representing the immergence of a completely American style, they have considerable value, and when I watch them with this thought firmly in mind, I feel a certain satisfaction that we have contributed something toward the development of ballet. However, the thought that our American style might freeze at this point and develop no further, makes me shudder.

Any discussion of purely American ballet leads to Agnes de Mille. I'm really sorry I can't make any comment on her new work, **The Harvest According.** One just can't attend every performance, however willing the spirit may be.

While we are still on the subject of ballet (at least I'm still happily prattling away, although you may have abandoned me after the first paragraph), Slavenska and Franklin, former members of the Ballet Russe in it days of golden memory, will be here March 17-22. They bring with them Danilova. Need I say more? You couldn't stop me, if only I had more space!

Jeff Teachers Ask Representation On Policy Group

A joint committee composed of teachers in the Jefferson Classroom Teachers association and the Jefferson Federation of Teachers, Local 1164, met with District Superintendent H. Z. Weibel last Thursday to set forth arguments for allowing teacher representation on the steering committee, school policy making group.

At present the committee is made up of administrators appointed by Weibel.

The committee, composed of Mrs. Jane Brown, Miss Hester Blaylock, Mrs. Rita Randolph, Cecil Mitchell and William Tergis, said it was "their democratic right to take an active part in the formulation of school policy inasmuch as it is the teachers who are so vitally affected by the policy."

The teachers cited rulings such as the one prohibiting teachers to engage in outside employment for longer than three hours per school day and another law which says no teacher may engage in college study in excess of six units.

Though the teachers expressed agreement with the idea behind both proposals, they said that they should "have knowledge of contemplated proposals and the right to express their arguments before such rules are enacted."

Weibel indicated the joint committee might develop into a teacher welfare council type of group, which, he said, would be "most desirable."

Teachers Hear Talk On Community Life

The Jefferson Elementary School District Teachers' Institute Session, sponsored by the Board of Trustees, held March 6, 1953, was formally opened by District Superintendent H. Z. Weibel, with beneficial remarks concerning the general welfare of the district.

Particular comment and emphasis was placed upon the recent successful bond election, with thanks and appreciation for the overwhelming support of the citizens of the district.

Dr. Dan T. Dawson of Stanford university addressed the group on "The Impact of Changing Community Life on Education in California," a topic both timely and practical. Changing conditions in national, state, and local situations have brought innumerable problems which merit analysis by all persons engaged in designing educational programs for California children and youth.

Forces and Factors

Dr. Dawson, expanding upon this theme, indicated the external forces and factors responsible for the changes in patterns of living. He emphasized that the success of the aims of public education are dependent upon the interest and participation of all responsible persons in the public schools of their respective communities.

The Jefferson Elementary Classroom Teachers' Association sponsored a luncheon at the Red Chimney. Mrs. Louise Plumb who was chosen "teacher of the month" was presented to the group. Mr. Weibel, Dr. Dawson and Dr. Stanger were honored guests.

Afternoon Session

The afternoon session reconvened with speaker Dr. Stanger, proffessor of history, San Mateo Junior college and executive secretary of San Mateo County Historical Association, giving the teachers the historical background of northern San Mateo county. General discussion followed the presentation.

Definite benefits from this educational session will be derived by the children of Jefferson district. A fuller and more satisfying understanding of present day problems and their implications will enable the teachers to look toward the future with a confidence in their ability to surmount difficulties and solve problems pertaining to the immediate welfare of our school children.

Callan Awaits School Job Ruling

"I'll vacate my school board position when the county superintendent of schools notifies me," Thomas J. Callan, supervisor, said this week when asked what action he would take in the recent controversy over his two "incompatible" jobs.

Attorney General Edmund Brown ruled this week that Callan cannot legally hold the elective positions of county supervisor and trustee of Jefferson Union high school district, concurrently.

County superintendent of schools James Tormey said earlier this week he will proceed to appoint a success for Callan on the school board after a citizen's nominating committee submits recommendations.

His office reports, however, that no action can be taken at least before Tuesday, as Tormey is away attending a conference in Asilomar.

Brown declared that Callan vacated his school trusteeship when he became supervisor January 4 of this year. Claiming the two positions are "incompatible," the attorney general said, "If the two offices were held by the same person, the voters of the school district and those of the county are deprived of individual allegiance to their interests."

Westlake Business Group Meets; Adopt New Bylaws

With a large number of members in attendance, the Westlake Business and Professional association met Wednesday and adopted their bylaws.

Presenting the bylaws was the committee of Dr. Louis H. Minken, Don Miller, Bernhard Etcheverry and Julian D. Cohn, chairman.

Under the bylaws adopted, the group will consist of all business and professional people in Westlake and will hold regular monthly meetings of the general membership on the second Wednesday of each month at 8:30 p.m. in the rear room of the Westlake lounge.

The board of directors, consisting of 14 members, will also meet monthly, at times to be designated by the board.

At this week's meeting Charles Folden and Orin Bender, representing the sales and promotion committee, announced that plans to hold a western days and roundup in Westlake have been abandoned.

The committee members said the group will go ahead on sales campaigns instead.

Bylaws adopted Wednesday also call for the establishment of a membership, public relations, finance and social committees.

LOCAL MAN INJURED IN BROADSIDE WRECK

Francis Koshinen, 43, of 377 Knowles avenue, was taken to Sequoia hospital in Redwood City Friday after receiving injuries in a broadside collision on El Camino Real in which six persons were injured.

Drivers of both cars, Mrs. Dolorus P. Way, 36, a housewife of 11 Sonora avenue, South San Francisco, and Glade L. Everest, 44, a machinist of 65 Rivoli street, San Francisco, claimed they were crossing the intersection at Spruce avenue and El Camino Real in South San Francisco with green traffic signals.

Koshinen was a passenger in Everest's vehicle.

Catholic Churches Seek Funds For Aid To Victims Of War

The Catholic churches of the Daly City area will join ranks with other Catholic parishes throughout the country in the annual Bishops' Relief Fund for Victims of War. The national goal of the 1953 appeal has been set at $5,000,000. A special collection will be made at all Masses on March 15 on behalf of the bishops' appeal. It is through the Bishops' Relief Fund that the Bishops' Welfare and Emergency Relief Committee and the War Relief Service—National Catholic Welfare Conference finance their world-wide relief programs. Thus far these organizations, through this annual drive together with the Lenten mite-box offerings of school children, have been able to ship 450,845,874 pounds of foodstuffs, clothing and medicinals valued at $183,563,000 to some 63 countries.

Labeling this "the age of the homeless man," the Reverend Leonard W. Bose, of St. Catherine's Church, Burlingame, San Mateo County Director of the Bishops' Relief Fund, announced that the refugee populations in the world today exceed 40,000,000 persons.

"The continuance of overseas relief depends on the success of our 1953 campaign. Never has the need for their work been as imperative," reports Father Bose. "In Korea alone a great percentage of the civilian population is literally one day away from starvation and death. In Asia and in the Near and Far East relief agencies are faced with the tremendous tasks of alleviating untold misery and hunger. News items from Europe inform us that more than 15,000 persons seek refuge from oppression and persecution each month. The problem of housing and caring for them is an enormous one, particularly since the cities and towns into which they flee are already heavily crowded with earlier refugees.

Supplies purchased through the Bishops' Relief Fund for Victims of War are distributed abroad by charitable agencies of the Church to those in need, regardless of race, color, or belief.

WHEN CAR IS NEW

It is when the car is new that the driver should train himself to notice the various instruments, advises the National Automobile Club. They likely will be in a different arrangement than on his old car. It will pay to keep an eye on them until the practice becomes a subconscious one. Latest instrument groupings help considerably to make this job an utterly simple one.

1952: A Year of Telephone Progress for You

We've been building fast to bring still more service, still better service, to all the Pacific West

At work today in the Pacific West are more telephones than ever before in history. And the service they provide is better than ever, too. For 1952 was a year of progress for Pacific Telephone, as have been all the years since the end of World War Two. Because the telephone is so important to everyone in the West today, we'd like to give you a quick report on this past year...taken from our Annual Report for 1952.

1952 Highlights
- Every day, Pacific Telephone spent half a million dollars on construction.
- *Improvements in wages and related benefits for telephone employees amounted to more than $21,000,000 annually.*
- Total taxes per telephone in 1952 amounted to $37.17. This means an average tax of $3.10 per telephone per month—almost double what it was ten years ago.
- *Microwave radio relay facilities were extended to Portland, Seattle and San Diego ...helping us to handle more long distance calls than ever, and bringing network television to these cities for the first time.*

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

New telephones went in fast. More than a million people in the Pacific West applied for telephones during the year. In most cases we were able to install them without delay. Enough telephone buildings, new lines and equipment were built during 1952 to serve the total needs of a new city the size of San Francisco. At the same time, we continued to make the telephone needs of national defense our first order of business. And in both military and civilian service, 1952 was a year of telephone progress. And we'll do all we can to match it in the years ahead.

Janet Riolfo Feted At Bridal Shower In Colma

A bridal shower was given for Janet Riolfo Saturday at Colma community center.

The function was given by Doris Ottoboni, sister of Miss Riolfo's fiance, Roy Ottoboni, a Colma nurseryman, and Flora Riolfo, sister of the bride-to-be.

Seventy-two guests enjoyed cocktails and dinner after surprising Miss Riolfo with many gifts.

The hall was decorated with flowers in a bridal motif.

The young couple have selected April 12 for their wedding, with the ceremony to be held at Epiphany church in San Francisco.

Hillside PTA Bake Sale On Schedule Saturday

The Hillside PTA is making plans, under the chairmanship of Mrs. T. M. Mullen, for a bake sale to be held tomorrow (Saturday) at the Sprouse-Reitz store at 6400 Mission street. The students of the Colma school have been making posters to be distributed in the business houses.

The next regular meeting of the unit will be held at the Colma School on Wednesday evening at 8 p.m. There will be a panel of students from Mrs. Louise Plumb's and Mrs. Diantha Branen's rooms. They will discuss teen-age problems and an interesting program is promised.

Some of the program will be a socio-drama. The students have been making plans for months on this program and we know it will be a success. The unit is featuring parent education and there will also be an election of officers with the nominating committee giving their report.

The seventh graders are anxiously waiting for moving day which is scheduled for sometime this month. They will be transferred to the new Benjamin Franklin school which is located near the Garden Village school. This will give the eighth graders full session as well as one sixth grade room which has been at Colma school this year. The Benjamin Franklin school has only four rooms at the present so the seventh graders will continue to go half session.

Some of the pupils of the Colma school had their artwork exhibited at the Lions Art Show this past weekend in the community center.

New Peninsula Region Of American ORT Established

The new peninsula Region of the Women's American Ort was established on March 5 at the Pensula Jewish community center.

This new region, which includes the three local Peninsula chapters, northern Peninsula, central Peninsula, and Peninsula, was inspired by the presence of Mrs. Ludwig Kaphan, National president of Women's American Ort.

In paying a flying visit to the West Coast from the National Ort Headquarters in New York City, she portrayed to the boards of these chapters, the before and after standards of living of the poverty stricken Jewish people in other parts of the world and the great work of Ort in preparing them to live as human beings.

This new Region resolved to double their efforts in furthering this work for the coming year and named Mrs. Irene Babin as their temporary president.

Lake Merced Group Plan Busy Schedule For March, April

The ladies of the Lake Merced Auxiliary have a busy schedule planned for the months of March and April.

At their regular business meeting Tuesday at the Broadmoor community center, officers were elected.

Re-elected to the president's chair was Rose Fisher. Other new officers are: Gene Cuykendall, senior vice president; Renata Costa, junior vice president; Stella Eagleton, conductress; Alice Mayville, guard; Alice Mayville, assistant guard; and Anita Woods and Ethel Diaz, trustees.

Mrs. Keith Sorenson and Lorraine Snyder of the Old Glory Auxiliary were guests for the evening. They invited the Lake Merced women to fill the chairs at their initiation April 18.

Plans are underway for Lake Merced's joint installation at the Colma community center Saturday evening, April 11. The public has been cordially invited to this event.

The biggest project for the month has been set for March 29, when the auxiliary's tree will be planted.

All auxiliaries in California are planting trees as a "symbol for peace."

Lake Merced women are picking out a spot to plant the tree.

Time for the event will be announced at a later date.

St. Michael's Mothers Plan Fashion Show

The first fashion show to be given by St. Michael's Mothers club will be held Tuesday at 8 p.m. at Riordan high school, 175 Phelan avenue. Because of the energetic planning of Mrs. John P. Horgan Jr. and her committee, it is expected to be a resounding success.

A truly beautiful show is planned with the decor following the theme of the show, "Hawaiian Holiday." Gowns from the Ilene Carroll Shops, hats from Louann's, children's clothing from the Gems of Art and hair stylings by Marie's Beauty Shop will be modeled by a selected group of mothers and children.

"Hawaiian Holiday" will be a two-hour show culminating with refreshments at the close of the show. Proceeds realized will benefit the project for the year, the school library. Tickets at $1.75 each may be purchased from Mrs. Matthew Brady, DElaware 3-2478, ticket chairman, or her co-chairman, Mrs. J. P. Murtagh, JUniper 7-4564.

Other chairmen are Mesdames Divo Granucci, Renaldo Pepi and Guido Tripaldi, decorations; Mesdames E. Sorg, Theodore Pechetti and Frank Nomellini, refreshments; Mrs. J. Ballati, table favors; Mrs. Andrew Neenan and Mrs. Wanda Hughes, business detail; Mrs. A. L. Serafino, hostess, with twenty-three mothers assisting her with her duties.

Jeff Teachers Hold Dance

The Jefferson Classroom Teachers' Association held a folk dance at the Lakeshore Plaza Thursday evening, March 5, under the able direction of Ed Kramer, proprietor of Ed Kramer's Folk Dance Studio of downtown San Francisco, which was attended by approximately thirty teachers and their guests.

Kramer is the former president of the Folk Dance Federation of California and is presently co-director of the five-day institute on folk dancing at San Francisco State college. He organized the periodical entitled: "Let's Dance," which is the official magazine for the Folk Dance Federation of California.

Among the most graceful and nimble dancers present was Mrs. Muriel Vint, music supervisor, and Mrs. Ethel Hahn, principal of the Woodrow Wilson school. Perhaps the most animated and enthusiastic spectator present was Mrs. Winifred McGrath, principal of Pershing school.

Had it not been for the all day institute on Friday, the dance would undoubtedly have continued until far later than scheduled. There is little doubt but that the efforts of the social committee headed by Foolah Lamp were appreciated by all and requests for a repeat performance are anticipated, at which time the teachers hope to invite members of the public.

Red Cross Workers Named For Business Residential Areas

Pat Van Over, chairman of the business and residential section of the local Red Cross drive, has announced the names of her workers in the area.

James L. Snell PTA Fashion Tea Nearing

Take a test quiz on yourself, ladies. Are you an "average housewife" with one or more small children at home, and perhaps an older one in school? Do you scan the fashion magazines with longing, and sometimes wish for an outing that will lift your spirits up and away from the routine of housework?

Well, wish no more, for the solution to your problem may be forthcoming, in the guise of the James L. Snell PTA's annual fashion tea. This year, as before, the event will be staged at the Jefferson high school auditorium, on Saturday, March 28. This may be just the occasion for wearing Easter bonnets, or maybe even just the necessary excuse to buy one, the time to see the latest in spring fashions modeled by Unit members, with commentation done by Paul Speegle, noted TV personality.

General chairman, Mrs. Donald Hurst, announces that most of the plans are completed for an even bigger and better show than ever before, and all her committees are working hard to insure a successful affair, as well as to make sure that the budget is met, as this is the big money-making project of the year. Both previous teas have met with enthusiastic audience approval, and this year should prove no exception, for no pains are being spared. Clothes will be shown from a variety of local stores, including Cover Girl, Mode 'Day, Minudri Furs, Personality Hat Shoppe, Bernings, Kiddieville, Leslies and Weitzels, all of which have promised to have available the very latest styles.

Coming down the gaily decorated ramp for the audience's viewing will be Mesdames Yvonne Kelly, Lorraine Lee, Robin Johnson, Janet Hurley, Helen De Berry, Dorothy Manis, Marion Spry, Mary Cardano, Allie Nyburg, Betty Thompson, Florence Ecker, Nicky Driscoll, Marion Connely, Ferguson, and Ray, and Misses Franco and Carr.

Other busy committee chairmen include: models, Mrs. Stanford Harmon; fashion, Mrs. Kenneth Dean; tea tables, Mrs. Karl Hess; refreshments, Mrs. Raymond Duste; decorations, Mrs. Jack Lagoria; tickets, Mrs. Richard Hart; publicity, Mrs. George Brandt. In the receiving line will be Mrs. Larry Green, Mrs. Hugh Falconer and Mrs. Leo Brandt.

Tickets are going on sale this week and will be distributed through the school children. Extra tickets may be obtained by getting in touch with Mrs. Hart, PL. 5-4188, or by contacting your room mother representative.

Sheridan PTA Will Sponsor Blood Drive

Sheridan PTA will sponsor its third blood donor day of 1953 on Thursday, March 19. Donors will meet at the home of Mrs. J. F. Harrop, 220 St. Charles avenue, at 10:30 a.m. for free transportation to the Irwin Memorial Blood Bank.

Care of small children and a luncheon on return will be provided, with Mrs. Harrop serving as hostess, and Miss Esther Bahls, principal of Sheridan School as co-hostess at the luncheon.

This is a regular monthly project of the Sheridan Parent-Teacher association, with all blood donations going to the armed forces. Anyone who wishes to join the group may call Mrs. Robert Larribeau, chairman, at JU. 4-9420, for reservations so that adequate transportation may be arranged.

Hoyt's, Sarto A. C. Win Cage Contests

Hoyt's Water Heaters, led by six foot, seven inch Norm MacKenzie, former USF ace, upset the Passtime club, 47 to 44, last Thursday night in the adult Basketball league play.

No more than three points separated the two teams throughout the entire game.

The win for Hoyt over Passtime puts the teams in a tie for first place for the first half of league competition.

MacKenzie and his team mate Dick Milkovich, shared high point honors for the evening with 14 apiece, while Lewis led the losers with 12 markers.

Sarto A.C. won their first game of the season against Ralph's Cleaners by a score of 51 to 47.

Sartos played most of the second half without the services of Savelly, who fouled out, leaving them with only four men.

Although he played only half the game, Savelly led scoring for the winners with 16 points. High point honors were claimed by Ralph's Bob Lincoln.

DALY CITY REC CAGE LEAGUE CLOSES; BRISBANE WINS UNDISPUTED TITLE

The Brisbane entries in the Daly City Recreation Department league won undisputed titles in both A and B leagues last weekend. The Brisbane A team won the senior division title and All Star game in a thrilling 21-20 battle. The Brisbane B's had an easier time of it defeating the All Stars, 20 to 9.

The A league All Star game proved to be a real thriller. The All Stars led by the sharp shooting of Leonard Hinterman, were out in front the first three quarters of the game. Then Brisbane overtook the All Stars with 45 seconds remaining in the game.

A Brisbane player than fouled Jerry Nix of the All Stars and Nix sunk both shots and put his team in the lead 20-19. With 8 seconds remaining, Brisbane went into a fast break but were stopped.

Then Delmar Scott took aim and sunk a game winning 25 foot beauty to put the game on ice.

More than 100 boys participated in this recreation department activity and all of them enjoyed themselves immensely.

The next activity sponsored by the recreation department will be a softball league. The games will be played on Saturdays at Marchbanks park. The league is expected to begin about March 28th.

Pack 84 Baseballers Win Two Contests

The warm-up games preliminary to the regular baseball season of the West of Twin Peaks league are now over. This past weekend Pack 84's A team won two more games—on Saturday over Pack 166 by a score of 14 to 5, and on Sunday over Pack 167 by a score of 32 to 5. This means the A team won 4 out of 5 of the pre-season games it played.

In Saturday's game, home runs were made by Dixie Howell and Bobby Goodwin, who also pitched the entire game without walking a single man. In Sunday's game, Dixie Howell, Jim Heick, and Webby Parker all hit home runs.

Pack 84's B team also won on Saturday over the B team of Pack 166 by a score of 24 to 12. The Pack 84 B team consists of Lee Pitts, catcher; Don Clemens and Billy Savage, alternating pitcher and RF; Lee Houdin, 1st base; John Souza, 2nd base; Matt Dorn, 3rd base; Jerry Mannis and Doug O'Leary, short stop; John Hess, CF; Michael Cheda and Don Waterman, LF. In Saturday's B team game, Billy Savage made a home run.

Creighton Leads Jeff To 9-0 Route Of Lick Wilmerding

Lowell Creighton turned in a three-hit stint on the mound and added a homer at the plate to lead Jefferson's varsity to a 9-0 win over Lick Wilmerding high of San Francisco Friday.

The hurler fashioned his best mound effort of the year as he allowed only three scattered hits, and then slammed a homer into deep left field to collect one of his team's five hits.

The Jeffs scored three times in the second inning, and sewed the practice game up in the fifth canto with a five-run effort. They added another tally in the sixth frame.

The Jeffs, who racked up 19 wins, four losses, this year as they claimed the Peninsula Athletic league championship, are scheduled to meet the winner of the Alameda-Santa Cruz game at 7:30 o'clock tonight if they win their initial contest.

LOCAL BOWLING IS WIDE OPEN; CAB TEAM DROPS THREE

The Daly City-Colma bowling league broke into a wide open affair Tuesday night as a trio of teams moved within two games of first-place Hilltop Cab.

The Cabbies, losing three straight to Timossi Motors, who were playing with a three-man team, now have 44 wins, 28 losses.

In a tie for second are Central Club, Daly City-Colma Lions and Timossi Motors, all with 42-30 records.

The Central Clubbers were in undisputed second, but dropped two games to King's Market.

The local Lions shut out Fuller Paints with three straight.

King's Market keglers claimed high team series and game with scores of 2625 and 931, respectively.

Mike Orlich of Hilltop Market hit a 574 individual series to claim the evening's honors in that department, while the Lions Dick Crane racked up high individual game with 230 pins.

NAME THREE JEFFS TO ALL-STAR PAL TEAM

Blanchard, Delbon, Lovelace Win Coveted Spots; Thirties Place Two On 2nd Team

Three Jefferson varsity cagers were named last week to the first string of the 1953 Peninsula Athletic league northern division all-star basketball team.

The northern division members of the Peninsula Sportswriters' association named forwards Larry Blanchard and Don Delbon, and center Wayne Lovelace to the mythical team.

All three wound up in the top five in league scoring for the year. Blanchard was second with 182, while Delbon and Lovelace were fourth and fifth with 159 and 142, respectively.

Filling out the all-star five were Burlingame's Charley Bogie, who led the league in scoring with 265 points, and Roger Smith, San Mateo.

In the 30s balloting, the writers picked Jefferson forwards Jerry With and Al Lagomarsino to the second team.

Tom Costello, guard on the Indian varsity's championship aggregation, was also considered for an all-star spot.

LOCAL TRACKMEN TAKE FOURTH IN PAL RELAYS

Jefferson high's cindermen, by dint of a top-notch Class A mile relay team, managed to finish fourth in the Peninsula Athletic league relays held on the local oval Friday.

San Mateo's contingent took four first, four seconds and two thirds to walk away with the annual competition with 31 points.

In second was Capuchino with 18, while Burlingame nailed down third with 16 and Jefferson brought up fourth spot with 12.

The Jefferson mile relay team of Al Schenone, Wayne Webb, Del Hamman and Len Monson captured that event in the time of 3:33.6, bettering their time for the previous week by more than three seconds. Schenone, running the third section of the race, turned in a meteoric race to give the foursome the margin of victory.

COUNTY MANAGER GIVES REPLY ON AMBULANCE DEAL

County Manager E. R. Stallings indicated this week that Daly City's action in cancelling its working agreement with the county for use of the city's police ambulance on county calls, may be a situation where the city is "cutting off its nose to spite its face."

Cancelling of the agreement came last week when the city council decided the city would be better off operating on its own. The city had recently received six unpaid bills for services provided by the ambulance.

Stallings said that no formal agreement was ever reached between the city and county and, in the absence of such an agreement, the bills cannot legally be paid.

EASTER EGG HUNT SET FOR APRIL 2

At a meeting of PTA representatives and Recreation Director James Mason last week date for the annual Easter egg hunt was set for April 2, at 2:30 p.m.

Committee heads named to plan for the event were: Mrs. W. Venturi and Mrs. Hilda Heagney, egg dying committee; Mrs. Ruth Cresta and Mrs. A. Lyon, prize committee; Mrs. William Proctor and Mrs. Billy Hart, Westlake playground site; Mrs. Mary Larson, Frankfort site; Mrs. Helen Axt, Gambetta site.

Next meeting of the planning group will be held Wednesday at 7:30 p.m. in the council chambers.

The Board of Supervisors of the County of San Mateo hereby invites sealed proposals for the purchase of Eight Hundred Forty Thousand Dollars ($840,000.00) worth of bonds of the Jefferson Elementary School District, an Elementary School District of the County of San Mateo, State of California, and bids therefor will be received by said Board of Supervisors up to the 7th day of APRIL, 1953, at the hour of 10:00 o'clock A.M. of said day, when all bids received will be opened at the Chambers of said Board in the Court House, Redwood City, San Mateo County, California. Said bonds are numbered from 1 to 840, inclusive, and each is of the denomination of One Thousand Dollars ($1,000.00) and shall bear interest at a rate not to exceed five per centum (5%) per annum, payable annually for the first year the bonds have to run and semi-annually thereafter on the first day of November and the first day of May of each year, principal and interest payable in any coin or currency which on the respective date of their payment is legal tender for the payment of public and private debts at the office of the Treasurer of said County of San Mateo at Redwood City, California, and will each bear date of May 1st, 1953. Each bidder shall specify in his bid the rate or rates of interest he desires said bonds to bear, not to exceed five per centum (5%) per annum, and the premium offered, if any. Bidders may make one or more alternative bids or offers for said bonds at different interest rates. Split rate interest bids will be received and it shall not be necessary that all bonds offered for sale bear the same rate of interest, but such interest shall be in multiples of one-quarter of one per cent. The definitive rate of interest said bonds shall bear shall be determined at the time of sale. The best bid will be determined by deducting from the total amount of interest which the district would be required to pay up to the maturity of the bonds, at the coupon rate or rates specified in the bid, the amount of the premium, if any, bid therefor, and the award will be made at the lowest net interest cost to the District.

The number of years said bonds will run and when payable are as follows:

$35,000.00 of said bonds shall mature on the 1st day of MAY in each of the years from and including 1954 to and including 1959;

$40,000.00 of said bonds shall mature on the 1st day of MAY in each of the years from and including 1960 to and including 1974; and

$30,000.00 of said bonds shall mature on the 1st day of MAY in the year 1975.

Said bonds will be issued in pursuance of the election held in said school district on the 5th day of FEBRUARY, 1953, and in conformity with the laws of the State of California, and pursuant to and in compliance with and in the form prescribed by resolution and order of said Board of Supervisors adopted on the 3rd day of MARCH, 1953, and entered in the minutes of said Board, to which reference is hereby made for greater particularity.

At said election 1531 votes were cast, 1 of said votes being cast by absentee ballot, 1246 of said votes were cast in favor of the issuance of said bonds, 234 of said votes were cast against the issuance of said bonds, and 51 ballots were void and not counted.

Such proposals and bids may be addressed to said Board of Supervisors and bids may be made for either the whole issue of said bonds or for parcels thereof. Bids must be for not less than the par value of the bonds bid for, and be payable in cash in lawful money of the United States. The right is reserved to sell said bonds as a whole issue or in parcels and to reject any and all bids. Bids must be accompanied by a certified check, certificate of deposit or cashier's check upon or of some responsible bank in the sum of Five Thousand Dollars ($5,000.00), payable to the Chairman of the Board of Supervisors and conditioned that if the proceedings be legal the bidder will purchase said bonds at the price bid and pay for the same at the office of the Treasurer of the County of San Mateo within five (5) days after notice given that such bonds are ready for delivery.

The assessed value of the property situated within the said school district, as shown by the last assessment roll, is $27,763,762.00, and there is an outstanding bonded indebtedness in the sum of $558,000.00.

The purchaser will be required to furnish his own legal opinion as to the legality of said bonds.

The Jefferson Elementary School District includes within its limits the incorporated City of Daly City and a large unincorporated area, and has a population of approximately 25,895. The District has within its limits two banks and numerous places of business. There is no controversy or litigation pending or threatened concerning the validity of the above issue, the existence of the District, or the title of the officers to their respective offices.

Mrs. Vickers Wins Second Term As Colma PTA Head

Mrs. Sanford Vickers was elected to a second term as president of the Colma PTA at its annual meeting held March 3, 1953.

The following members were elected to serve with Mrs. Vickers for the coming year: Mrs. H. F. Sillick, vice-president; Miss Marie H. Traynor and Mrs. Hazel A. Colwell, honorary vice-presidents; Mrs. Harry Weglin, recording secretary; Mrs. W. R. Whalen, corresponding secretary; Mrs. George Hillman, treasurer; Mr. E. Edwards, auditor; and Mrs. George Bertucci, historian.

Mrs. Sanford Vickers

From the annual reports read by the officers and chairmen, it would seem that Colma PTA has completed another successful year of work for the welfare of children and in community service. Mrs. Vickers and her officers and chairmen were complimented for their splendid efforts.

The revisions and clarifications of the unit's by-laws, submitted by Mrs. Edward J. Dennis, parliamentarian, and her committee, were voted upon and accepted. It was decided to hold a cup cake sale Thursday in the R. S. Thornton and Jefferson Elementary schools. The committee in charge was: Mesdames William Bauer, Joseph Doyle, Henry Leavitt, H. F. Sillick, and John C. Wiesner.

The colored sound film, "Know Your San Francisco," presented by Clifford Nelson of the San Francisco recreation department, was very well received. All who viewed it realized we have a very wonderful vacation land right here in our next door city.

Girl Scout cookies, coffee and tea were served by the hospitality committee, amid a St. Patrick's setting of green shamrocks and harps. Members of the committee were: the Mesdames William Bauer, E. J. Dennis, Ted Kirschner, John Offenbach, W. J. Swartfager, Whitely, W. T. Woodbury, John C. Wiesner, and Miss Carolyn Dennis.

The annual dinner installation of officers of the Colma PTA will be held at LYLE'S, El Camino Real and Orange avenue, South San Francisco, on Tuesday evening, April 7, 1953, at 7 p.m. Reservations are $2.60 per person (including tax and tip) and may be made by calling Mrs. George Bertucci, PLaza 5-5040, Mrs. Ted Kirschner, PLaza 5-0153, or Mrs. John C. WESTLAKE SCHOOL NEWS

Mr. Hough's 5th and 6th Grade—Rm. 10—p.m.

The fifth grade has just finished studying about the causes and results of the war with Mexico and will now start studying about the events that lead up to the war between the North and the South—our Civil War.

At the same time, the sixth grade has finished studying about Argentina, Bolivia, Chile, Colombia, Ecuador, Peru, and Venezuela, comparing their ways of living with ours.

Now we are learning about the rest of South American Republics, namely, Brazil, British Guiana, French Guiana, Dutch Guiana, Paraguay and Uraguay. After South America we will study about the West Indies and Canada.

Both grades are starting a new phase in arithmetic. The fifth grade will be learning to subtract like fractions while the sixth grade is now learning to subtract unlike fractions with whole numbers.

In language both grades have been looking up material for their essay on the "Story of our Flag," a contest which is sponsored by the American Legion.

Miss Barulich's Sixth grade Room 12 — A.M.

Our sixth grade class has just completed the study of a unit on our southern neighbors, South and Central America. We are now starting another unit on our northern neighbors, Canada and Alaska. Through such activities as map studies, outlining, reports and further reading we have learned many interesting things.

In arithmetic we are now starting a new phase in working with fractions. This new work is division of fractions. It was preceded by addition and subtraction of fractions.

In our language work we have a continuous project going on in which we are working to improve our handwriting and the correct use of verbs.

Mrs. Jicha's 6th grade Room 12 — P.M.

American medicine to the rescue was the topic for themes this week. This study was in connection with conquering the yellow fever scourge in Cuba and islands of the West Indies.

Multiplying mixed numbers and fractions, reducing mixed numbers to improper fractions and other work in fractions is keeping the arithmetic class very busy.

Most of the pupils enjoy the art we are doing. The lessons are in water color.

Local Establishment Signs Dance Orchestra

Mario J. Ciampi Is Given Honor Award For Church Design

Architectural work done in the bay area during the past 20 years was on display in the DeYoung museum, and a total of 16 projects constructed in that period received awards.

Three architects of international prominence, Pietro Bellachi, Richard J. Neutra and Edward D. Stone, formed the jury in making the final decision as to granting of awards.

Ciampi designed various school structures in the Daly City and also the community center.
